**FRONTIER AIRLINES BRINGS LOW FARES TO BILLINGS LOGAN INTERNATIONAL  
AIRPORT WITH NON-STOP SERVICE TO DENVER**  
Fares as low as \$39\*

Billings, Mont. - Low-fare carrier Frontier Airlines announced the addition of Billings, Montana as a new city in the Frontier network, with non-stop service from Billings Logan International Airport to Denver International Airport. To celebrate the new route, Frontier is offering a special introductory one-way fare of \$39\*, which is available now on flyfrontier.com. And the new route will offer low-fare connections from Billings across the United States.

“We are proud to bring our unique brand of Low Fares Done Right to the Magic City,” said Jonathon Nield, Senior Manager, Network Planning for Frontier Airlines. “We will make air travel more accessible and affordable for everyone in the greater Billings area, our 3<sup>rd</sup> destination in Montana making it easier for people to fly and for people to fly more often.”

Frontier is focused on more than low fares. The carrier offers customers the ability to customize travel to their needs and budget. For example, customers can purchase options a la carte or in one low-priced bundle called the WORKS<sup>sm</sup>. This bundle includes refundability, a carry-on bag, a checked bag, the best available seat, waived change fees and priority boarding.

“We are excited to welcome Frontier Airlines back to Billings to help bolster both business and tourism,” said the City’s Director of Aviation and Transit, Kevin Ploehn. “With Frontier’s low-cost pricing, I believe Frontier flights will be very popular with our community and surrounding region. This also opens up a great opportunity for those that want to travel to the Billings area to experience the great things available locally including being a great take-off point to experience the Beartooth Pass or to go to Yellowstone Park through the North entrance.”

The airline’s frequent flier program, *FRONTIER Miles* lets members enjoy many benefits as well as attain Elite status. Like the airline, *FRONTIER Miles* is family friendly, and the program makes it easy for families to enjoy the rewards together, including family pooling of miles. *FRONTIER Miles* is aptly named, because you earn one mile for every mile flown - no funny formulas at Frontier. If a customer travels a little or a lot, they will find *FRONTIER Miles* rewarding.

Frontier flies one of the youngest fleets in the industry, the Airbus A320 Family of more than 80 jet aircraft. With nearly 200 new planes on order, Frontier will continue to grow to deliver on the mission of providing affordable travel across America. Frontier’s young fleet also ensures that the company will continue to keep fares low and that customers will enjoy a pleasant and reliable experience flying with the airline.

Frontier wants its customers to have more options when they fly and there is no fee for reservation changes made 90 days or more from the travel date. If you need to make a change between 89 and 14 days from departure, the fee is only \$49. Changes made 13 days or less from travel cost \$119. When making a change, customers just pay any increase in fare that applies.
