

TERMINAL EXPANSION PROJECT

Ramp Work

RAMP WORK

Protective barrier to keep debris, insulation, siding, roofing in work area, so it is not ingested into engines.

Removal of concrete aircraft parking ramp to make way for new TSA Screening Area, the Great Room, and A Concourse

RAMP WORK

Utility work to install new underground electrical power, water and sewer service to new Concourse

RAMP WORK

RAMP WORK

The concrete ramp work was underway on the west side of the Terminal Building and just east of Cape Air's aircraft parking ramp.
