BILLINGS WELCOMES TWO ADDITIONAL DAILY FLIGHTS BY UNITED AIRLINES WITH SERVICE TO DENVER, COLORADO

BILLINGS, MT: The **City of Billings**, in partnership with the **Visit Billings**, the **Billings Chamber of Commerce**, and **Big Sky Economic Development** is thrilled to announce that United Airlines has added two additional daily flights with direct service to Denver, Colorado (DEN). This expanded service brings Billings to five daily flights with direct service to DEN.

Expanded service will be in full effect on May 23rd, respectively, with the fourth flight being added as early as March 31st of 2024.

Director of Aviation and Transit for Billings Logan International Airport, Jeff Roach said, “Billings Logan International Airport (BIL) is excited to see United Airlines continued commitment to our market with expanded daily service to Denver. United Airlines has been a great partner for the airport and the additional direct flights will enhance connectivity and provider increased business and tourism travel opportunities.”

This week’s announcement immediately follows numerous successes at the Billings airport, including new seasonal service from Sun Country Airlines to Minneapolis, direct, seasonal service to LAX via Allegiant Airlines, and a community air service event where attendees were updated on the airport’s construction plans, the state of the air service industry, and continued strategy to increase air service were discussed. The Air Service Committee, comprised of business and community leaders, continues to strategize on air service goals to expand and improve air service for leisure and business travel for our community.

Tickets for this new flight service are now available for purchase through United’s website and mobile app.
